Horace Lawrence— LifesMiracle Distributor

7 Ways to Earn an Income

DIRECT SALES

As a LifeMiracle Distributor you may purchase products at wholesale and resell them at retail with approx. 40% profit. When products are purchased from your replicated website, 100% of the difference between wholesale and retail is automatically added to your commission check. These retail purchases also generate CV (Commissionable Volume) that counts toward your other commissions.

Case Discounts: You may also purchase products at an **additional** 30-40% discount (from the lowest Autoship price) when you purchase them in 12-packs! Then retail them for maximum earnings!

PREFERRED CUSTOMER

A customer who doesn't wish to become a Member by paying the annual member fee, but still wants to order, may become your Preferred Customer. They save approximately 20% off the retail price and may cancel at any time. Like with your retail customers, 100% of the difference from the distributor price is added to your compensation check and the CV counts towards your other commissions.

TEAM CYCLE COMMISSIONS

Your Team Cycle earnings are based on the CV of all the sales in your organization. The CV is based on the manufacturing costs, Direct Level Bonus payouts, and the margin for profit for the company and distributors.

Team Cycle Commissions allow you to earn commissions on every order in your group to unlimited levels up to your earning potential! Any volume that doesn't qualify for commissions in any given month rolls over to the next month's cycle, so you won't lose any commissions!

Team Cycle Commissions are paid on a two-sided organization and are paid monthly— when you're Active (25 CV/mo. on autoship) AND Bonus Qualified (with two or more Active, personally enrolled distributors.) And we give you time to get started. If you're Active with your monthly order but haven't enrolled your two members yet, **we let your CV accumulate for six months until you meet the enrollee requirement.** This allows you to get your business up and running while you're learning the business!

Potential Earning for Team Cycle Commissions

- When you personally enroll 5 or less, your team cycle potential is \$8,000/mo.
- When you personally enroll 6-9, your team cycle potential is \$12,000/ mo.
- When you personally enroll 10-15, your team cycle potential is \$20,000/ mo.
- When you personally enroll 16-19, your team cycle potential is \$30,000/ mo.
- When you personally enroll 20+, your team cycle potential is \$40,000/ mo.

These potential earnings are for Team Cycle Commissions only. There are additional unlimited earnings on all the Direct Level Bonuses!

Here's how the Team Cycling works— Every order placed on both sides of your organization accrues CV. Every time 330 CV accrues on one side, and 660 CV on the other, you get paid a \$50 Cycle Commission, and then the 960 CV is subtracted out.

- With Team Cycling it's possible to earn commissions from the efforts of your upline because those they enroll can be placed under you, *and under those under you*— where you, *and your team*, can earn commissions on those orders!
- You also earn on your own volume-- All CV over 25/month goes into the side with the lowest volume!

Important: Because 2X volume is taken from the most active side, you can cycle 2X as often for the same amount of volume in the case where one side grows faster than the other! This minimizes the situation where one side becomes overly large because of powerful recruiters in your downline or upline. You can structure your organization so your new enrollees automatically position into your weakest leg to maximize your payouts!

TEAM GENERATION MATCHING BONUS

Earn 20-20-10% Direct Level Team Generation Matching Bonuses on Team Cycle Commissions through three generations—20% Matching Bonus on the cycle bonus of your 1st generation, 20% of the cycle bonus of your 2nd generation, and 10% of the cycle bonus of your 3rd generation— regardless of where they're placed in your Team Cycle structure! You need to be both Active *and* Bonus Qualified for this bonus. This bonus category is where most of your income will come from in your mature organization!

EXECUTIVE BONUS

(Formerly called the Car Bonus, but now you can spend it any way you want!)

- ✓ **Earn an Executive Bonus of 10%** when your 1st generation enrollee's total personal CV reaches 1500/month for two consecutive months, and every month thereafter when they maintain that volume. This bonus pays a minimum of \$150 up to \$250 per month, after which you qualify for the 20% Executive Bonus.
- ✓ **Earn an Executive Bonus of 20%** of your 1st generation enrollee's volume when their personal CV reaches 2500/month for two consecutive months, and every month thereafter when they maintain that volume. This bonus pays a minimum of \$500 up to \$1000/month.

The Direct Level Bonuses below are paid *in addition* to the Bonuses above. Direct Level means you get paid a commission for any sale of any Pack three levels deep in your enrollment line in your next month's commission check. You don't have to wait for your volume to build up to a certain level to get paid!

In Direct Level, anyone you personally enroll is your 1st generation, those enrolled by them your 2nd, and those enrolled by your 2nd are your 3rd generation. It doesn't matter **how many there are**, or where they fall, in the Team Cycle structure, even if they're hundreds or thousands of levels deep— if they're enrolled by you, they're 1st generation to you!

DIRECT LEVEL FAST CASH BONUS

Earn Direct Level Fast Cash Bonuses every time those you personally enrolled, through three enrollee levels, purchases any of the Presidential Packages! These are popular nutritional packs of multiple products offered at discounted prices. You must be Active to qualify for these Bonuses. You also earn a \$10 Direct Level Bonus for everyone you enroll with any of the Startup Packs. You do not have to be Bonus Qualified for these Bonuses!

DOUBLE DIRECT LEVEL FAST CASH BONUS

Double Your Commissions

When you're on Autoship for any Presidential Pack, all the Direct Level Fast Cash Bonuses on the Presidential Packs of those you personally enrolled, through three enrollee levels, will be doubled! You must be Active and Bonus Qualified for this bonus. You must still be on Autoship for your Presidential Pack, and your two personally enrolled qualifiers must still be on at least 25 CV Autoship on the last day of the month to qualify for the Double Bonuses **on the Packs** sold three enrollee generations levels deep.
